Call Station Comparison Table

Feature	Benefit	VOIP-700 Series	VOIP-600 Series	VOIP-500 Series	VOIP-220 Series	ETP-520 Series
Multicast Audio	• Audio paging	•	N/A	N/A	N/A	N/A
Optimized for EZinfo™	• Conversational AI	•	N/A	N/A	N/A	N/A
VLAN Support	• Enables network segmentation for improved security, traffic management, and performance	•	N/A	N/A	N/A	N/A
Cloud Native VoIP Architecture	• Simplifies integration with modern cloud-based communication platforms	•	N/A	N/A	N/A	N/A
Enhanced Security	• Helps safeguard network communications and device access	•	N/A	N/A	N/A	N/A
Non-Volatile Flash Memory Programming and Configuration	• Through web GUI or Windows-based administration tool	•	• (web GUI only)	• (web GUI only)	• (web GUI only)	N/A (DTMF over remote call)
Analog Telephone Line Support	• Telephone line powered—local battery backup not required, only provide backup power to phone system or service provider equipment	N/A	N/A	N/A	N/A	•
Ethernet (IP) Support	• Leverages modern Ethernet network infrastructure	•	•	•	•	N/A
Session Initiation Protocol (SIP) Support	• Compatible with most SIP-enabled PBX platforms (e.g., Alcatel-Lucent, Avaya, Cisco, Grandstream, Mitel)	•	•	•	•	N/A
Powered by Analog Telephone Line	• Telephone line powered—local battery backup not required, only provide backup power to phone system or service provider equipment	N/A	N/A	N/A	N/A	•

Feature	Benefit	VOIP-700 Series	VOIP-600 Series	VOIP-500 Series	VOIP-220 Series	ETP-520 Series
Power over-Ethernet (PoE) Support	• Consolidates data and power cabling to a single cable (up to 100 meters)	•	•	•	•	N/A
12/24 VDC or 24VAC Power Supply Support	• Supports a local regulated low voltage power supply	• (12/24VDC only)	•	•	N/A (24VDC only)	N/A
Primary Push Button	• Prominent 1.375-inch push button for use by a person in distress	•	•	•	• (0.78-inch only)	•
Secondary Push Button	• Smaller 0.78-inch push button for non-emergency situations	○	○	○	N/A	○
Keypad	• Provides capability for manual dialing or additional speed dial keys	○	N/A	○	N/A	○
Half-duplex Hands-free Communication	• Compatible with analog telephone line power	N/A	N/A	N/A	N/A	•
Full Duplex Hands-free Communication	• Full simultaneous audio during a telephone call	•	•	•	•	N/A
Handset Only Communication	• Enables private conversations • Suitable for environments where hands-free communication is not feasible	○	N/A	○	N/A	○
Combination Hands-free/Handset	• Enables switching between public and private conversations • Suitable for environments where hands-free communication is sometimes feasible	○	N/A	○	N/A	N/A
Auxilary Input(s)	• Enables a third-party system or device to trigger a phone call through a dry contact closure	• Two (2) built-in	• Three (3) built-in	• Three (3) built-in	N/A	○ One (1) available with optional **ETP-AUXIN-KIT**

Feature	Benefit	VOIP-700 Series	VOIP-600 Series	VOIP-500 Series	VOIP-220 Series	ETP-520 Series
Auxilary Output(s)	• Provides a dry contact closure to trigger a blue light to flash or to a third-party system (access control, camera, etc.)	• Three (3) built-in	• Three (3) built-in	• Three (3) built-in	• One (1) built-in	• Two (2) built-in
Marine Grade 316 Stainless Steel Faceplace	• Vandal resistant and robust design • Weather-resistant	•	N/A (Brushed 316 stainless steel signage panel on the right with UV-resistant PolyethyleneTerephthalate (PET) dead-front signage panel on the left)	•	•	•
IP66 Construction	• Weather-resistant	•	•	•	•	•
Raised Letter/Braille Signage	• ADA compliant • Compliant with the International Building Code (IBC), ADAAG, and ICC A117.1	•	•	•	•	•
Dedicated Call Status LEDs	• Conveys the status of the call to the hearing impaired through dedicated LEDs for "CALLING" and "ANSWERED"	•	N/A	•	N/A (One (1) dual-purpose LED for "CALLING" and "ANSWERED")	•
Backlit Dead-front Call Progress Signage	• Conveys the status of the call to the hearing impaired through backlit signage for "CALLING", "ANSWERED", and "HELP ON THE WAY"	N/A	•	N/A	N/A	N/A
Autodials Phone Numbers	• Dials phone numbers in round robin fashion in the event an answering point does not answer or is busy	• Up to six (6) phone numbers	• Up to six (6) phone numbers	• Up to six (6) phone numbers	• Up to six (6) phone numbers	• Up to two (2) phone numbers
Voice Message	• Identifies physical location of call station through a prerecorded voice message	•	•	•	•	•

Feature	Benefit	VOIP-700 Series	VOIP-600 Series	VOIP-500 Series	VOIP-220 Series	ETP-520 Series
IP Camera Option	• Captures video surveillance for call station activation from pre-roll (i.e. person approaching call station) to end of event • Camera is a separate IP device—allowing for greater flexibility with video management systems or network video recorders	○	○	○	○	○
Mass Notification	• Receive Wide-Area Emergency Broadcast System (WEBS®) audio notifications during an event • Built-in hands-free speaker provides output to areas requiring less coverage • Line level output enables alerting of a larger public area	●	●	●	N/A	N/A
Limited Warranty	• 2-year limited warranty	●	●	●	●	●

● = Standard ○ = Option available N/A = Not Available
