

Call Station Comparison Table

Feature	Benefit	VOIP-700 Series	VOIP-600 Series	VOIP-500 Series	VOIP-220 Series	ETP-520 Series
Multicast	Audio paging	•	N/A	N/A	N/A	N/A
Optimized for EZinfo™	Conversational AI	•	N/A	N/A	N/A	N/A
VLAN Support	Enables network segmentation for improved security, traffic management, and performance	•	N/A	N/A	N/A	N/A
Cloud Native VOIP Architecture	Simplifies integration with modern cloud-based communication platforms	•	N/A	N/A	N/A	N/A
Enhanced Security	Helps safeguard network communications and device access	•	N/A	N/A	N/A	N/A
Non-Volatile Flash Memory Programming and Configuration	Through web GUI or Windows-based administration tool	•	N/A	N/A	N/A	N/A
Analog Telephone Line Support	Telephone line powered—local battery backup not required, only provide backup power to phone system or service provider equipment	N/A	N/A	N/A	N/A	•
Ethernet (IP) Support	Leverages modern Ethernet network infrastructure	•	•	•	•	N/A
Session Initiation Protocol (SIP) Support	Compatible with most SIP-enabled PBX platforms (e.g., Alcatel-Lucent, Avaya, Cisco, Grandstream, Mitel)	•	•	•	•	N/A

Feature	Benefit	VOIP-700 Series	VOIP-600 Series	VOIP-500 Series	VOIP-220 Series	ETP-520 Series
Powered by Analog Telephone Line	Telephone line powered—local battery backup not required, only provide backup power to phone system or service provider equipment	N/A	N/A	N/A	N/A	•
Power over-Ethernet (PoE) Support	Consolidates data and power cabling to a single cable (up to 100 meters)	•	•	•	•	N/A
12/24 VDC or 24VAC Power Supply Support	Supports a local regulated low voltage power supply	•	•	•	N/A (24VDC only)	N/A
Primary Push Button	Prominent 1.375-inch push button for use by a person in distress	•	•	•	•	•
Secondary Push Button	Smaller 0.78-inch push button for non-emergency situations	○	○	○	○	○
Keypad	Provides capability for manual dialing or additional speed dial keys	○	○	○	○	N/A
Half-duplex Hands-free Communication	Compatible with analog telephone line power	N/A	N/A	N/A	N/A	•
Full Duplex Hands-free Communication	Full simultaneous audio during a telephone call	•	•	•	•	N/A
Handset Only Communication	- Enables private conversations - Suitable for environments where hands-free communication is not feasible	○	○	○	N/A	N/A
Combination Hands-free/Handset	- Enables switching between public and private conversations - Suitable for environments where hands-free communication is sometimes feasible	○	N/A	○	N/A	N/A

Feature	Benefit	VOIP-700 Series	VOIP-600 Series	VOIP-500 Series	VOIP-220 Series	ETP-520 Series
Auxiliary Input(s)	Enables a third-party system or device to trigger a phone call through a dry contact closure	Two (2) built-in	Three (3) built-in	Three (3) built-in	N/A	One (1) available with optional ETP-AUXIN-KIT
Auxiliary Output(s)	Provides a dry contact closure to trigger a blue light to flash or to a third-party system (access control, camera, etc.)	Three (3) built-in	Three (3) built-in	Three (3) built-in	One (1) built-in	Two (2) built-in
Marine Grade 316 Stainless Steel Faceplate	- Vandal resistant and robust design - Weather-resistant		N/A (Brushed 316 stainless steel signage panel on the right with UV resistant Polyethylene Terephthalate (PET) dead-front signage panel on the left)			
IP66 Construction	Weather-resistant					N/A
Raised Letter/Braille Signage	- ADA compliant - Compliant with the International Building Code (IBC), ADAAG, and ICC A117.1					
Dedicated Call Status LEDs	Conveys the status of the call to the hearing impaired through dedicated LEDs for "CALLING" and "ANSWERED"		N/A		N/A (One (1) dual-purpose LED for "CALLING" and "ANSWERED")	
Backlit Dead-front Call Progress Signage	Conveys the status of the call to the hearing impaired through backlit signage for "CALLING", "ANSWERED", and "HELP ON THE WAY"	N/A		N/A	N/A	N/A
Autodials Phone Numbers	Dials phone numbers in round robin fashion in the event an answering point does not answer or is busy	Up to six (6) phone numbers	Up to six (6) phone numbers	Up to six (6) phone numbers	Up to six (6) phone numbers	Up to two (2) phone numbers

Feature	Benefit	VOIP-700 Series	VOIP-600 Series	VOIP-500 Series	VOIP-220 Series	ETP-520 Series
Voice Message	Identifies physical location of call station through a prerecorded voice message	●	●	●	●	●
IP Camera Option	- Captures video surveillance for call station activation from pre-roll (i.e. person approaching call station) to end of event - Camera is a separate IP device—allowing for greater flexibility with video management systems or network video recorders	○	○	○	○	○
Mass Notification	- Receive Wide-Area Emergency Broadcast System (WEBS®) audio notifications during an event - Built-in hands-free speaker provides output to areas requiring less coverage - Line level output enables alerting of a larger public area	●	●	●	N/A	N/A
Limited Warranty	2-year limited warranty	●	●	●	●	●

● = Standard ○ = Option available N/A = Not Available
